PORTFOLIO.

Education

- **Graduation:** Btech in Computer Science – RGMCET,Nandyal, A.P [2019–2022]
- **Diploma in Computer Science :**Govt.Polytechnic College Proddatur, [2016–2019]
- **High School:** Gautam High School – Proddatur,A.P [2016]

Skills

- Data Analysis: Excel, SQL, Python (With AI)
- Data Visualization: Power BI, Tableau (With AI)
- Database Management: MySQL, PostgreSQL, MongoDB (With AI)
- Statistical Analysis: A/B Testing and Regression Analysis
- ETL: Data Cleaning Data Transformation
- Reporting: Creating Dashboards, Data Reports

PORTFOLIO.

Projects

- **Amazon Sales Dashboard**
- **Flipkart Sales Dashboard**
- **Insurance Risk & Claim Analysis Dashboard**
- **Apocolypse Food Prep Dashboard**

Work Experience

Data Analyst | Mphasis – Chennai, India

- Cleaned, analyzed, and visualized data using SQL, Excel, Python, and Power BI.
- Developed automated dashboards, improving reporting efficiency by 20%.
- Collaborated with stakeholders using Agile methodology to deliver actionable insights.
- Performed ETL (Extract, Transform, Load) operations to integrate data from multiple sources.
- Optimized SQL queries to improve data retrieval speed by 15%.
- Conducted ad-hoc analysis to support business operations and strategy.

Work Experience

Intern | Capgemini – Remote

- Trained in Python, Core Java, SQL, Excel, Git, GitHub, Networking, and Agile.
- Practiced querying, cleaning, and reporting using Power BI and Tableau.
- Assisted in developing sample dashboards to visualize business KPIs.
- Learned version control practices using Git/GitHub for collaborative projects.
- Gained exposure to Agile workflow in a corporate environment.
- Built mini-projects demonstrating data preprocessing, analysis, and visualization.

Work Experience

Intern | Zensar Technologies – Remote

- Trained in SQL, Excel, Python, Git, GitHub, Networking, and Agile.
- Applied skills on sample projects for data cleaning, analysis, and visualization.
- Created practice Power BI dashboards to track sales and customer performance.
- Learned best practices in database management and query optimization.
- Collaborated with peers on group-based projects, simulating real-world data challenges.
- Strengthened understanding of data pipelines and reporting tools.

Why Choose Me?

- **Proven Expertise:** With hands-on experience as a Data Analyst at Mphasis and internships at Capgemini and Zensar Technologies, I've worked on real-world projects involving data cleaning, visualization, and reporting.
- **Analytical Skills:** Proficient in SQL, Python, Excel, Power BI, Tableau, and AI-driven analytics, I specialize in transforming raw data into actionable insights and interactive dashboards.
- **Results-Oriented Approach:** My focus is on delivering accurate, data-driven solutions that enable smarter business decisions, improved efficiency, and long-term success.

Let's collaborate

Take your data analysis and decision-making to the next level.
